# 1KM PRIVATE BEACH

- 2 swimming areas of 400m in front of Westin & LMMS is clearly buoyed and cordoned off for the safety of all bathers
- The swimming areas are separated by the water sports zone that is approximately 50m
- There are no strong currents
- There is a big variance between high & low tide
- During high tide we have a safety concern due to a big increase in the water depth and very deep waters
- The foreshore of the beach has a high gradient into the water and continuous beneath the surface of the water and will be a risk during high tide periods, when water depth will be greater. Big risk for non swimmers or children.
- A beach flag safety awareness system is in place and communicated to beach users along the beach area at various points.
